## Parent and child

We have a range of English immersion courses and options for parent and child. A family course is a wonderful opportunity for a parent and child to share a cultural and learning experience together.

## Family study

An English immersion course for a parent and child. The two students study separately with the same teacher; one in the morning and one in the afternoon.

Whilst the parent is having lessons, the child student will complete project work or interact with other members of the family. During independent time, the parent is responsible for the child student.

## Family visit

During the morning the child studies and then in the afternoon the family have free time to enjoy their holiday together.

The parent does not have lessons and has accommodation, meals as well as joining in with the teacher-led excursions. During independent time, the parent is responsible for the child student.

## Family summer

A course designed for parents that want to refresh their English and bring their child. In the morning the parent studies with the Homelingua teacher and the child joins a summer day camp at a local nursery school.

This family course option is available during the UK and Ireland summer school holidays. It is suitable for children with a B1-C2 level of English aged 3-17.

"We had a great time during our stay. My daughter was heartbroken to leave. Lovely teacher, lots of learning and very welcoming. We'd love to do it again."
